EMPLOYMENT HISTORY

John C Wright Architects | Dallas, TX
January 2009 - Present [Remotely]

Architectural Designer

Oil-Field Training Facility | Designed for three building phases for the expansion and renovation of the existing building in order to continue training in the facility

Concrete Testing Facility | Exceeded the utilitarian expectations of the client while staying in budget with a thoughtfully designed and aesthetically pleasing flagship building, leading to more work at their campuses across Texas and Oklahoma

Administration Building | Coordinated production of CD's for fast-track project that came in under budget and on-time

Tennis Facility | Successfully redesigned entire project due to change in budget from 2.5 million to 850 thousand

Participated in SD, DD, CD and CA of residential, religious, educational, commercial and performance programs

Tulane University School of Architecture | New Orleans, LA
August 2005 - May 2008

Woodshop Manager

Educated students in the proper and safe use of all woodworking tools as well as advanced techniques

Designed and built models, furniture, sculptures and structures with traditional methods as well as by integrating digital fabrication

Tulane Regional Urban Design Center | New Orleans, LA
August 2006 - December 2006

Architectural Intern

Designed urban plans for presentation to Chinese government officials

Assisted in the design of a new expansion to the city of Mandeville, LA that was presented to city officials

Donald Maginnis Architects | New Orleans, LA
May 2005 - September 2005

Architectural Intern

Worked within the guidelines of the Vieux Carré and the Historic District Landmarks Commissions

Assisted in site documentation, design phases, construction documents and permitting

[completed 5520 out of 5600 IDP hours]

EDUCATION

Tulane University School of Architecture
August 2003 - May 2008

Master of Architecture, BArch

Dean's List

Took leadership roles in various organizations including AIAS, Architectural Student Government and Architects' Week

EXHIBITIONS / PUBLICATIONS

URBANbuild: Local_Global | 2009

My work in the URBANbuild studio, was featured in the book by Ila Burman and formed the basis for a new studio course still being taught at Tulane

Focus the Nation | 2008

Designed and built a table out of wood flooring recovered from a New Orleans house devastated by Hurricane Katrina to represent Tulane University at the exhibit

Architectural Record | 2007

Contributed to the design and construction of a house featured in multiple publications including Record's article: URBANbuild Students Bring Hope to New Orleans

Architects' Week | 2007

Organized a student competition, guest speaker, and reception culminating in a student-built installation at a local school

COMPUTER PROGRAMS

Revit, AutoCAD, Illustrator, Photoshop, InDesign, Sketchup, Maya, 3D Studio Max, Maxwell Render, Microsoft Office

CARPENTRY

Designed and built numerous custom pieces for multiple clients in the design profession and individually for sale through consignment
Built houses from ground up including mission work, Habitat for Humanity and a student designed house with Tulane's URBANbuild
